

JUNIOR DEVELOPMENT

In addition to the Junior Clinics this year the KTC teaching staff will offer Junior Development sessions for children interested in developing skills for competition/tournament play. This is an excellent chance for juniors to meet other juniors and improve playing ability in a fun and safe environment. Without compromising fun, kids will be introduced to the competitive aspects of tennis. The juniors will learn to develop a variety of skills for match and tournament play. The Junior Development program aims to generate more energy/opportunity for the juniors at the club. The Pros will run drills and assist each individual participant to learn more about competitive tennis.
