AUSTRALIAN OPEN VIEWING

About 20 keen KTC members and friends watched the Australian Open Men's Singles Final at Don Cherry's Grill on Sunday, January 28th. Roger Federer defeated Marin Cilic in a five set final, and although some people knew the result they kept quiet for those who had not seen the match. The company was great and the food was excellent!

We have many socials planned for the 2018 Season, so stay tuned for details!

KTC is a non-profit family-oriented club located downtown on a quiet, tree-lined street. It provides many ways for players to participate, from lessons and summer camps to ladders, socials and tournaments. There are seven outdoor courts available for booking. We welcome members of all ages, from beginner to advanced.

CAPITAL PROJECT UPDATE

At a recent KTC board meeting it was decided that we will strive for clearer approval from the membership before committing to a final capital project. This has resulted in additional inquiries from within the Board concerning the capital project that was voted on by the membership at the 2017 AGM. We are also keeping an open mind about other possible courses of action that have been raised at Board meetings. For example, in order to be better informed, we have obtained an estimate for renovating the existing club house. More information will be shared with the membership as it becomes available.
